

# GE Money

<b>Deferred Interest, With Payments Promotion</b>	<b>What are the benefits of this Promotion?</b>
<p>This plan requires customers to make minimum monthly payments, and gives them the flexibility to make additional large or small payments throughout the term of the promotion. As long as the minimum monthly payments are made, and the purchase is paid off before the end of the promotional period, no interest will be charged. If the purchase is not paid off by the end of the promotional period, or if a minimum monthly payment is missed, accrued interest will date back to the day the purchase was made.</p>	<ul style="list-style-type: none"><li>▪ Minimum monthly payments</li><li>▪ Flexibility to make additional large or small payments</li><li>▪ No interest if the entire purchase is paid off by the end of the promotional period</li></ul>
